## Didsbury Calf Club Members Judge Holsteins at Webb's

The regular meeting of the Didsbury Calf Club was held on Saturday, May 17, at the home of Claude Webb of Swallow.

Judging began with a class of mature Holsteins, the members scoring these and Mr. Mead giving the correct placing. Following this a class of heifers and class of calves were judged with oral reasons being given by the members.

A delicious lunch, served by Mrs. Webb and the girls, followed the judging.

The business part of the meeting was then conducted in the house. A talk was given by Ken Morris on "Milk Fever." Topics were given to Adrienne Scheldt on "Value of Dairy Records," and Alice Bruce on "Rationing of Dairy Cows."

The next meeting will be held in Olds with several other clubs taking part. It was also decided to hold a meeting at the Hugh Roberts home on Friday evening, June 27.

Mr. Stiles was asked to give a talk and helpful suggestions on writing articles for the paper.

Mr. McPhail gave a short talk on his work at Vermilion last week.

It has been decided that first prize calves and yearlings at the fair will take part in the competition at the Red Deer fair.

The day ended with a ball game followed by a lunch of cakes, cookies and ice cream. The group then motored on to Clarke's at Swallow to look over their excellent herd of Holstein dairy cows and their fine dairy barn.

The club members wish to thank Mr. and Mrs. Webb for the lovely time at their home.

## M.V.B.S. STUDENTS LEAVE ON TWO MONTHS' TOUR OF ALBERTA AND U.S.

"MOUNTAIN VIEW GOSSELAIRES"—Left to right: Grayce Frey, Beverly Redfield, Ruth Hall and Enith Hunsperger.

"MOUNTAIN VIEW MESSENGERS"—Left to right: Donald Dick, Eldon Boettger, Gus Witzke and Willard Swalm.

Two groups of Young People are being sent out this summer by the Mountain View Bible School, representing the school and engaging in evangelistic and young people's work.

The ladies' group, named the "Mountain View Gosselaires," consists of Misses E. Hunsperger,

## HAMLET OF SUNDRE GETS A RESIDENT PHYSICIAN

Dr. C. A. Miller, formerly of Cere, Alberta has taken up practice as resident physician at Sundre.

This is the first time that a physician has been in residence at Sundre and the people are proud of the fact.

For the time being Dr. Miller will be located in the E. Goodland residence.

Dr. Miller graduated in medicine from McGill University in 1929 and during the war years served as medical officer at the Ozada internment camp near Kananaskis. Prior to that time he was in practice in the Peace River country.

Sundre is rapidly developing into the status of a town and Dr. Miller's arrival will prove a boon to the settlers in the west country.

## DIDSBURY FARM SUPPLIES AGENTS FOR GREEN CROSS

An advertisement in this issue of "The Pioneer" announces the appointment of Didsbury Farm Supplies, operated by W. McFarquhar and D. Kimmel, as Didsbury district agents for Green Cross insecticides, which includes the famous "Weed-No-More 40" liquid 2-4-D weed-killer, which destroys Mustard, Canada Thistle, Bindweed, Chickweed, Dandelions, Ragweed, Nettles and many other weeds, although it will not harm grass.

## DONALD C. MORTIMER GETS MASTER OF SCIENCE DEG.

Donald C. Mortimer, Didsbury student at the University of Wisconsin, received the degree of Master of Science at the 94th annual commencement exercises of the state's major educational institution on Saturday, May 24.

More than 2,000 bachelors' and higher degrees were conferred at the exercises in the presence of the graduates, faculty and alumni. The class was the largest to graduate in the State University's almost century-old history and brings the total number of Wisconsin graduates to 70,300 over the past 93 years since the first commencement in 1854.

## D. SINCLAIR SELLS 'DIRECT BOY' TO J. MCKINLEY

Dave Sinclair has disposed of one of his standard bred horses, complete with cart and accessories, to J. McKinley of High River. The horse sold as "Direct Boy," and Mr. Sinclair now has only one standard bred horse left, and he says this is getting on in years. But so is Dave, although "Direct" Girlie doesn't think that a true horseman will ever get old—and he entered his horse in the High River races last Saturday to prove that he is still able to compete with the younger and less experienced racing enthusiasts.

## A. F. U. NOTES

Mr. C. Stimpfle, president of the A.F.U., has sent out this message: "Again for busy season for the farmer has rolled around and farmers will have to work more than their usual 16 hours. It is small wonder the farmer at this time of year is unable to attend his Local A.F.U. meetings, but let us do his real mistake he is making is not acquainting himself with the problems he is confronted with today. I cannot stress too strongly the necessity for every farmer to attend his Local meeting and discuss his problem with his neighbors. Then the decision arrived at may be sent to Central Office, and they in turn convey that decision to the proper authority. In numbers there is strength, so join up now."

With this message in mind farmers are asked to attend the next meeting of the Rugby Local on June 4th, at the home of Mr. and Mrs. Percy Hoesgood. The main business will be the formulation of plans for the Farmers' Holiday on June 21st.

## CALGARY STAMPEDE TO HAVE NEW FEATURES

Opening July 7th with an hour-long parade, revamped to give a dramatic picture of the Old West, the 62nd annual Calgary Stampede is expected to break all prize and attendance records during the 1947 season.

This year commercial floats will be eliminated from the Monday morning Stampede Parade, to create a spectacle that is entirely Western. Officials of the annual show said that communities from outside Calgary have been most cooperative in agreeing to sponsor parade exhibits indicative of the past or present life of their community. Residents of rural areas have also assisted in the form of time vehicles—Red River carts, Conestoga wagons, stage coaches and prairie schooners—for display in the Parade.

With a record-breaking purse of \$7,300 offered in the chuck wagon races, the rangland derby—the only one of its kind in the world—expects an all-time high in the number of entries.

Prize money for livestock is being maintained at last year's record-breaking figure, with special prizes offered by the Alberta Horse Breeders' Association combined with those given by the Exhibition Company in the heavy horse classes.

The Stampede Accommodation Bureau will operate to provide sleeping accommodation for those unable to secure rooms in hotels and tourist cabins, and Calgary citizens are already offering to throw their homes open to visitors in the city during Stampede week.

## \$75 DONATED TO COMMUNITY CENTRE FUND

The Girl Guides and Brownies, under the leadership of Miss Joyce Morgan, have donated \$75 to the Community Centre fund, and the money is to be used for any project which may be undertaken by the Community Centre organization.

## DIDSBURY LADIES' SOFTBALL TEAM WINS FROM BOWDEN 13-7

Friday evening a determined group of Didsbury ladies paid a visit to Bowden where a regular Rosebud softball league fixture was played in the remarkably short time of one hour. A good sized crowd was on hand to witness nine innings of softball that featured everything from home runs to double plays, and an exhibition that was a credit to each team.

Bowden took the lead in their half of the first inning but Didsbury came back strong in the second to even the score, take the lead, and then in the following innings continued to pile up six run leads.

Glady's Luft gave a clever display of fielding in left field while Gwen Morgan, pitching for Didsbury, had the game well in hand most of the time. Agnes Reimer, Olga Dupont and Jean Wilson were leading scorers for Didsbury while Connor and Reid were the heavy hitters for Bowden.

Lineup—Bowden: Sloan, Mountain, Farrell, Cunningham, Connor, Reid, Kurzaba, Richardson and Ford.

Didsbury: Mona Rous, Jean Krebs, Gwen Morgan, Glady's Luft, Joyce Wood, Agnes Reimer, Jean Wilson, Gwen Dainty and Olga Dupont.

The next two games are scheduled for May 27 at Didsbury against Innisfail, and May 29 at Didsbury against Westcott. Come out and see the ladies in action. They need your support and cheers.

## G. SMITH NEW PARTNER IN DIDSBURY BAKERY

Mr. Fred S. Millar, who purchased the Didsbury bakery business about a year ago from J.A. Russell, has taken in a partner and in future the business will be known as "Didsbury Bakery and Confectionery."

The new partner, Mr. George W. Smith of Drumheller, is a veteran of World War II, and has had considerable experience in the baking business.

New equipment is now being installed in the store in the form of a soda fountain and milk bar, and the partners plan to operate a confectionery store along with the bakery business.

## GOLF TOURNAMENT

A number of golf enthusiasts took part in the local trophy tournament played over the week end, but as score cards have not been all turned in the winners cannot be declared.

All players who took part in the tournament are asked to hand in the score card of the 18 holes played to either Art Reiber or Bert Prevost. This should be done immediately.

## ATTEND HIGH RIVER RACES

Among the Didsbury sportsmen who attended the harness races at High River on May 24 were A. Gillrie, Jim Cathness, Herb Sinclair, Harvey Gillrie and Dave Sinclair.

## NO SPECIAL PROGRAM AT LIONS-LEGION SUPPER

Lions Club members, Legion and other returned men are reminded of the joint Lions Club-Legion supper in the Lions Hall on Thursday, May 29, commencing at 6:45 p.m., at which J. Harper Prowse will be guest speaker.

Due to the presence of this distinguished speaker and the time allowed for his address, the committee in charge has decided not to put on any special program.

There are a few tickets left, and these can be obtained from Geo. C. E. Reiber, Payne-Freeman Co., Atlas Lumber Co., Howard Halliday or H. Morgan.

## Students' Union Banquet Honors Graduating Class

### \$5,000 OFFER MADE FOR ALCARTRA GERBEN'S CALF

Alcartra Gerben, the purebred Holstein cow raised west of Didsbury by John Allen, and which produced a world record in yearly butter fat production, is still the most outstanding cow in the eyes of dairymen, but her calves are also attracting attention of the moneyed-men.

At the Brampton, Ontario, farm of Hays & Co., Alcartra Gerben has given birth to a bull calf and less than half an hour after it was born an offer of \$5,000 was made for it. We understand the calf wasn't sold at this "low" price.

## NEIGHBORS PUT IN CROP FOR STANLEY COLEMAN

The good neighbor spirit of farmers in and around the Big Prairie district was evident last week when over a dozen tractors turned out to put in the crop for Stanley Coleman, who is recovering from an operation.

The ladies, not to be outdone, provided a feast, the like of which we seldom see. There was turkey, chicken, boiled ham, pickles, vegetables and pies of all descriptions. You couldn't finish—you just stopped eating.

In the middle of the afternoon the ladies commandeered a jeep for their hampers and coffee pots and served lunch, buffet style, to which men flocked like bees.

The assortment of tractors, caterpillars and jeeps was then lined up and cameras clicked before the men were allowed to return to the field to finish up a good job, well done.

## MRS. MURPHY SR. HONORED AT FAREWELL PARTY

Forty ladies and the Rev. D. Whyte Smith gathered at the home of Mrs. Clifford Murphy on Tuesday afternoon, May 20, to honor Mrs. Murphy Sr., who is leaving this district to make her future home in Didsbury.

Contests were the entertainment for the afternoon, after which Mrs. C. Ray, in a few well chosen words, presented the guest of honor with an electric table lamp, the gift of all those present. Mrs. Ray also read a poem to Mrs. Murphy which had been written by Mrs. Jim Hughes.

A dainty lunch concluded a delightful afternoon, and all Mrs. Murphy's friends wish her much happiness in her new home.

## Blood Donor Registration In Alberta Week of June 15 to 21

Plans for the operation of the Canadian Red Cross Society's free peacetime Blood Transfusion Service in Alberta were announced in Calgary this week by Dr. R. C. Riley, chairman of the Blood Transfusion service in Alberta.

"Our plans for Alberta," said Dr. Riley, "are in line with the National Red Cross Society's proposals for obtaining voluntary donations of blood from the citizens of Canada along the same lines as during the war years when mobile units, operated by Red Cross personnel, collected blood from volunteers. The same system will be used in the peacetime undertaking."

"In order to be sure of a sufficient number of donors to support the needs of our hospitals," continued Dr. Riley, "the Alberta Division of the Canadian Red Cross Society will conduct a registration of voluntary donors during the week of June 15 to June 21—a week to be known as Donor Enrolment Week throughout the province. Following the registration, at a time to be announced later, the mobile units will begin their work in the towns and cities."

"It will be the responsibility of the Red Cross Branches in Alberta to enroll as many voluntary donors as possible between the ages of 18 and 65 during the Donor Enrolment Week period."

Under the National organization

The Didsbury High School held its first annual banquet, sponsored by the Students' Union of 1946-47, in the Lions Hall on Thursday evening, May 22, 1947, with about 130 students, teachers and distinguished visitors present. Bob Erb was toastmaster, with Norma Parsons acting as songleader, and the following program was carried out:

O Canada.  
Invocation, by Jean Frey.

"To The King," and Toastmaster's remarks, by Bob Erb.

Toast to The Graduates, proposed by Pauline Bowman and responded to by June Parsons.

Toast to Our School, proposed by Don LeGrand and responded to by the chairman of the Didsbury School Board, Mr. Geo. Law.

Toast to the Staff of D.H.S., proposed by Eileen Parsons and responded to by the school principal, E.T. Wiggins.

Valedictory Address by John H. Parker.

Toast To Our Community, proposed by Cliff Haderer and responded to by Mayor H. Lynch-Staunton.

Toast To Our School Activities, proposed by Glen Klein and responded to by Gwen Morgan.

Toast To Grade Nine Students, proposed by Agnes Reimer and responded to by Bill Edwards.

## LUTHERAN CHURCH LADIES TO SPONSOR LAWN PARTY

The Ladies' Aid of Redeemer Lutheran Church met last Wednesday, May 21, at the home of Mrs. E. Fox. The meeting was opened with a discussion of the Good Shepherd, showing especially the blessings to be Christians enjoy by following this Good Shepherd.

The roll call was answered by 11 members. Two visitors were also heartily welcomed to the meeting. The Aid decided to sponsor a congregational lawn party on June 11, at the home of Mr. and Mrs. Jack Reese.

The next meeting will be held on June 18 at the home of Mrs. W. Folkman. After the close of the meeting the hostess served a light lunch.

## LOCAL DELEGATES ATTEND VI CONVENTION IN CALGARY

Didsbury and district is well represented at the Provincial W.I. convention being held in the Palliser hotel in Calgary Wednesday, Thursday and Friday of this week. The following are in attendance: Mrs. J. Hoesgood, Mrs. Harvey Hoesgood, Mrs. A.L. Hoge, Mrs. Otto Krebs, Mrs. Jim Worrall, Mrs. Sam Elliott, Mrs. Harry Richardson and Mrs. Ruth Eckel.

The processing and supplying of the blood to the hospitals will be handled from the main depot in Edmonton and a sub-depot in Calgary. It is expected that the Edmonton Depot will be ready for operation early in July with the Calgary sub-depot following closely.

Under the new plan every active treatment hospital in Alberta will receive the full benefits of free transfusion therapy, the one stipulation being that the hospitals must supply the blood and plasma absolutely free to the patients they serve. The Association of Alberta Hospitals have agreed to give this service throughout the province.

Under the new plan every active treatment hospital in Alberta will receive the full benefits of free transfusion therapy, the one stipulation being that the hospitals must supply the blood and plasma absolutely free to the patients they serve. ## RURAL ELECTRIFICATION DEPENDS MAINLY ON FARMERS' CO-OPERATION

Farmers, particularly east of Didsbury, have been strongly advocating the extension of power lines to their homes, but to date have been unable to get any definite answer from Calgary Power Company as to when the project will be started—if at all—although a complete survey of the area was made a couple of years ago.

Farmers in other areas are also asking for an extension of power lines to provide rural electrification, and the following news story appearing in last week's Innisfail Province may to some extent explain the situation, as well as dim the hopes of local farmers for early extension of rural electrification lines—unless the farmers themselves are prepared to finance part of the construction costs.

The news story reads in brief:

"A delegation from the Innisfail Board of Trade and farmers from surrounding district met with officials of Calgary Power Company last week to press for extension of rural electrification and while they were not successful in this they at least cleared the air of conjecture and surmise, and learned that the Calgary Power Company had no extensions contemplated at the present time of their own power lines.

"It developed during the conference that if the rural areas wanted power lines they would have to build them on their own initiative after which the Company would be prepared to supply power.

"A start has been made along these lines in the Springfield area west of Calgary, where some eighty-five farmers have agreed to pay the sum of \$750.00 each for the construction of a power line which will belong to them, after which the Power Company will give them service for a charge of some \$3.00 per month, depending of course on the amount used.

"It also developed that the Olds project is not turning out as well as expected and that no doubt accounts for the refusal of the Power Company to invest any large amount of capital in rural lines as well as their frank declaration that their most profitable business was with the towns and cities.

"The outstanding impression gained from this conference was that big business is looking for another depression and is determined not to be caught holding the bag either in the form of unprofitable power lines or any other investment."

## NOTES FROM THE EAST

Miss Lucille Mason of Crossfield spent the week end at the F. Metz home.

Miss Lorna Wright, Burnside teacher, spent the week end in Calgary with friends.

Mr. Pat Spraggs and daughters called at the Fred Metz home Sunday evening.

The dance sponsored by the Lone Pine W.I. last Friday drew a large crowd and everyone reported a very enjoyable evening.

Mrs. Walter McCoy and family spent May 24th visiting in the afternoon with Mr. and Mrs. Bruce Shells, and then were supper guests at the home of Mr. and Mrs. Harold Shells.

Mr. Fred Metz, Evelyn Dowell and Mrs. Hansen made a few Sunday calls in the district to let all the neighbors who have no phone know of the farwell evening planned for Monday, May 26, for Mr. and Mrs. Joe Clarke, long-time residents of our district.

Mrs. Bruce Shells spent a couple of days in Calgary this week and attended the graduating exercises of the Technical school. Mrs. Shells' sister, Miss Vera Downing, was one of the graduates.

Mr. and Mrs. Morris Charlton and wee daughter visited at the home of Mr. and Mrs. Robert Eckel on Sunday.

Mr. J.D. Thomas was a business visitor in the district but finally landed over at Fred Metz' in time for dinner. We think he knows a good place to eat.

Mrs. D.B. Wood and Kenneth, Mrs. H.B. Dawson and Rex, and Mrs. Huggard called on Mrs. Coates and spent a social evening on Wednesday last.

Mrs. D.B. Wood and Kenneth were seen in Sunnyslope on Wednesday. We hear that Sunnyslope has started to grow and business is very good. The new cheese factory has brought things to life out there.

On Tuesday evening on CFAC's News Roundup we were all quite surprised to hear of the wedding bells in our district. So it's congratulations to Mr. and Mrs. Michael Page.

## CALL FOR TENDERS

SEALED TENDERS for the purchase of the York School B'n, situated on the N.W. 1/4 of 11-30-29 W4th, will be received up to 12:00 noon, July 12th, 1947. Lowest or any tender not necessarily accepted.

Olds School Division No. 31, S.J. Gilson, Secretary-Treasurer.

## WESTERDALE NEWS NOTES

The local boys played their first league baseball game at Westerdale on Sunday afternoon when they defeated the Eagle Hill-Waterdale team in a closely contested game by a score of 4-3. Their next game will be played at Hillcrest next Sunday.

Mr. I. Arnold of Olds was on hand Monday evening with a National Film Board picture show which was greatly enjoyed by all those present. Another show will be held in June but at present the date is not known.

Mr. and Mrs. John Graham and daughter, Joan Marie, of Coaldale arrived last Friday evening and spent the holiday week end at the home of Mr. and Mrs. H. Jackson of this district, and Mr. and Mrs. E. Graham of Olds. They returned to their home on Monday.

A field day is being held on the farm of Mr. A. Buckley on Thursday afternoon of this week to demonstrate various types of farm machinery and tractors. Demonstrations will commence at 1:30 p.m. Everybody welcome.

Mrs. T. Peters spent the week end visiting with her husband in Edmonton.

Mr. and Mrs. G. Nelson of Olds visited at the home of Mr. and Mrs. S. Jackson on Sunday.

Mr. T. Dawson of Calgary spent this week end at the home of Mr. and Mrs. R. Jackson.

## WESTCOTT NEWS NOTES

Mr. and Mrs. John Stevenson of Sun're accompanied the H. Goetjen family to Carstairs on Saturday to attend the sports held there.

Mr. and Mrs. R. Burton of Calgary spent the week end with Mr. and Mrs. Linden Jacobsen. Mrs. Burton is the former June Jacobsen and at one time resided in this district.

Mr. and Mrs. Clarence Reinhardt spent Sunday afternoon with Mr. and Mrs. Jack Bagshaw of Elkton. Mr. and Mrs. H. Dageforde and family, and Mrs. Otto Folkman were Sundre visitors on Sunday where they took in the Elkton-Sundre ball game.

Bob Hughes' Cubs held another of their meeting on Friday evening last. These young boys are very enthusiastic about their newly formed organization.

Mr. and Mrs. Herbert Goetjen and family were among the guests at a bounteous turkey dinner on Monday evening, which Mrs. Banting of Elkton gave in honor of Miss Inez Funk's birthday.

Another week of fine weather should almost see seeding operations completed in this district. The earlier seeding is making a fine showing and no frost damage is reported.

## FALLEN TIMBER NOTES

Mrs. Ray Teynor is home from the hospital following an operation, and is progressing favorably. The next meeting of the Busy Bees will be held at the home of Mrs. W. Money on June 4th.

Mr. and Mrs. Wayne Stringer were Sunday visitors at the home of Mr. and Mrs. W. Money. Mr. Ed Anderson of Didsbury was also a Sunday visitor at the Money home.

Wm. Money and B. Teynor were recent visitors at the P.J. Fair home.

The Fallen Timber river rose so high, about ten days ago, that it took the walking bridges out and the children could not attend school for a week.

Seeding is well on its way and Bill Dick has cut in all his crop. Wayne Roberts has moved on to the Montemorey place.

Line Elevators Farm Service, Winnipeg, Manitoba  
Contributed by  
Dr. C. H. GOULDEN  
Official in Charge, Dominion Laboratory of Cereal Breeding, Winnipeg, Manitoba.

#### Garry Oats

Many farmers are asking for further information on the new variety of oats that has recently been named "Garry."

**Breeding Work.** The work at the Dominion Laboratory of Cereal Breeding, begun in 1925, has been concentrated from the first on the development of cereal varieties that are resistant to disease. At the outset it was realized that complete resistance to all diseases of importance could not be obtained in one variety in one step; that it would be necessary to proceed by stages. Consequently, in the car breeding work, which has been continuously under the direction of Mr. J. N. Welch, the first group of new varieties produced, namely, Vanguard, Ajax, and Excelsior, were resistant to the commonly occurring races of stem rust but not have resistance to other races of stem rust which, until recently, were quite rare in Western Canada. Unfortunately, these varieties were also susceptible to crown rust and to smut.

**Resistance to Rust and Smut.** In the production of the new variety "Garry," the breeding work has passed beyond the first stage. For instance, it has now been possible to combine in one variety not only resistance to all the known races of stem rust but resistance to crown rust and smut as well. In addition to this increased disease resistance Garry oats have good strength of straw, are medium early in time of maturity, and produce a good plump sample of white oats.

**Seed Distribution.** Seed of Garry oats will not be available for general distribution until the end of the 1947 crop season. Applications for seed, however, may be sent to the Dominion Laboratory of Cereal Breeding at the University of Manitoba, Winnipeg. They will be kept on file and looked after at the first opportunity.

To outlive all, live all out.

## SET RECORD HIGH PRICE FOR BEEF IN CANADA

(The Lethbridge Herald)

"Is the ceiling coming off beef, and probably other meats, in Canada soon?"

The question is being asked following the Wednesday sale of some 1,200 feedlot steers at Picture Butte when prices as high as \$16.75 per hundred, live weight, were paid—about \$125 per hundred higher than the peak price paid on the Calgary market any time during the winter or spring.

Some time ago ceiling prices on red, blue and commercial brand beef were upped two cents a pound, and as a result cattle which had been selling basically at 12 cents live weight began to sell at 14 cents, with well-finished, heavy-dressing steers bringing a cent over. The \$16.75 price paid for choice long-fed steers at Picture Butte last Wednesday suggests to dealers that the ceiling is coming off, and there is much speculation along that line. A representative of the meat department of the Wartime Prices and Trade Board was on hand at Wednesday's sale at Picture Butte.

Cattlemen, commenting on the high prices, which set a record for all Canada for beef on commercial markets, point out that, while \$16.75 is a high price in Canada, the same steers would have sold at \$25 to \$27 per hundred in the Chicago market, which would return \$21 to \$25 to the grower here after paying freight and duty. Canadian producers, it is pointed out, are banned from the American market by Canadian action.

#### DEER WILL DANCE IF PROVIDED MUSIC

According to M. H. McCallum, of Fenelon Falls, deer like music. In fact, they will dance if someone obliges with a tune. If you want to prove it, says Mr. McCallum, take your harmonica into the woods, approach a deer and give forth. The deer will dance. It's that easy.

## YOUTH FOR CHRIST RALLY (FINAL FOR SEASON)

#### FEATURING —

1. "Eskimo Girl" Neta Amundson, adopted daughter of the world famous Arctic explorer. Gives her life story of travel in her home land.

2. Jim Armstrong, of Toronto—Jim was a wireless operator in the R.C.A.F. Was also a member of B. C. Police Force.

3. Special Singing—provided by New Berthel Menonites. Young People's Choir and Male Quintet.

A Real Treat is in Store For You at

## CARSTAIRS HALL

TUESDAY, JUNE 3

8:00 p.m. (Daylight Saving Time)

#### REVISED DAIRY BARN SHEET

The Dairy Barn Sheet that was first published in November, 1945, has been revised and reprinted.

Practical information of value to all dairymen is presented. The sheet contains simple rules for the feeding of cows and calves, suitable grain mixtures, suggestions as to when and what minerals are required, what special treatment to give cows at calving time, common cause of low quality milk, a gestation table, and even how cows should be milked.

Free copies are available in Alberta from District Agriculturists, the Extension Service of the Alberta Department of Agriculture, or the Department of Extension, University of Alberta, Edmonton.

Indianapolis has one of those off-trail city ordinances common in the United States, but which makes sense. It bans smoking in bed in a hotel.

#### CANADIAN WHEAT PRICE

The Canadian government wheat policy announced last July provides for a floor price of \$1.35 a bushel basis 1 northern at the terminal for all wheat delivered up to July 31, 1950. That price is assured to Canadian wheat growers for the next three crops.

The Canadian Wheat Board is given a complete monopoly in wheat handling in Canada up until July 31, 1950. All wheat delivered to it is handled in a pool. Any excess of price received above the \$1.35 figure will be distributed after July 31, 1950, on the basis of the wheat deliveries of each farmer.

The British wheat agreement is an important factor in the picture. Under that agreement the British pay \$1.55 a bushel for 1 northern at Fort William during the crop year 1947-48. For the crop year 1948-49 the price is \$1.25, and for the crop year 1949-50 \$1.00. Nevertheless, the Canadian government guarantees that the price to the producer will not go below \$1.35 a bushel. This is re-stated because many producers think that there will be a decline in price corresponding with the wheat agreement.

Furthermore, it is not definite that the price will decline under the British wheat agreement. The British government agreed, "In determining the price for these two crop years, 1948-49 and 1949-50, the United Kingdom government will have regard to any difference between the prices paid under this agreement in the 1946-47 and 1947-48 crop years and the world prices for wheat in the 1946-47 and 1947-48 crop years."

It is to the interest of Canadian wheat producers that as large a sum of money as possible should be accumulated in the five-year pool for distribution after July 31, 1950. With this in view, the price of wheat for domestic consumption was raised to \$1.55 a bushel a few months ago. The price of feed wheat for domestic consumption was also raised to the basis of \$1.55 a bushel. Wheat being sold to all nations other than the United Kingdom brings current world prices. All the excess of the \$1.35 price is placed in the five-year pool.

## Economical Housewives

There was a day when the housewives bought the far away "bargain" in the belief that it was good business to save a few pennies. But experience taught them a few things. Today's housewives do not buy blindly. They examine the article first and when satisfied with the product they pay a fair price at home. It is economical to make your purchases in

DIDSBURY

We have wanted the fruits of democracy without the pain of producing them. Sound men produce sound systems. No system in itself produces a sound man.

## BIG TOURIST SEASON AHEAD!

THE THOMPSONS are busy as bees, getting their place in shape for the tourist season. This year, with three more cabins, electricity and a modernized kitchen, they hope to do even better than before.

They were able to make these additions because last fall Mr. Thompson drove to town to see his bank manager. He knew about the nice little business the Thompsons had built up; a bank loan was quickly arranged.

Now the Thompsons can handle more tourists and increase their income. At the same time Canada will benefit from the extra tourist dollars they take in.

THIS IS ONE INSTANCE of how Canada's 3,000 branch banks play their part in the daily life and work of Canadians.

"What a thrill to take the wheel of a smart new Oldsmobile..."

HERE'S an up-to-the-minute version of that grand old tune, "In My Merry Oldsmobile". In the new words you'll find one of the outstanding reasons why Oldsmobile owners are so enthusiastically singing the praises of the 1947 Oldsmobile. What a smart looking car it is! ... Long and low and smooth in its lines—tailored just to your taste. It's a smart performer, too, and it offers all the features you want.

"You'll be fresh when you arrive thanks to Hydra-Matic Drive..."

You go places with less effort in a new Oldsmobile with GM Hydra-Matic Drive. Yet you get livelier performance, better economy, and greater safety than you did in old-fashioned driving. Hydra-Matic Drive is the only fully proved, fully automatic drive—and it's at the peak in the 1947 Oldsmobile!

"Just forget the clutch and gear — all you do is sit and steer..."

There's no clutch pushing with GM Hydra-Matic Drive—no clutch pedal in the car. And all gear shifting is automatic, through all four forward speeds. Just take the wheel of an Oldsmobile and sit back in comfort, enjoying the smoothest driving you've ever known!

To you who are waiting for your new Oldsmobile—our thanks for your patience... our tribute to your wisdom. The demand for Oldsmobile with the new GM Hydra-Matic Drive is so widespread that it still greatly exceeds the supply. Make sure your present car carries you conveniently and safely through the waiting period by having it checked regularly by your GM dealer.

"What a happy day it will be for you when your Oldsmobile is here!"

\*Hydra-Matic Drive is optional at extra cost.

# FREE PEACE TIME BLOOD TRANSFUSION SERVICE OF RED CROSS

One of the most important phases of Canada's postwar reconstruction schemes, the Canadian Red Cross Society's free peace-time Blood Transfusion Service, was accepted last week by the Associated Hospitals of Alberta. Under the Society's plan every hospital in Alberta belonging to the Association will receive free blood and plasma for those in need.

In accepting the plan on behalf of the Alberta Hospitals, Mr. L. R. Adishead, Secretary-Treasurer of the Association, said: "We feel that the Canadian Red Cross is offering a wonderful service to the hospitals and to the people of Alberta."

To understand the extent of the Society's Blood Transfusion Service it is necessary to look back to 1901—the year Dr. Karl Landsteiner discovered the existence of human blood groups. This discovery, for which he was awarded the Nobel Prize in 1930, will always rank as one of science's contributions to human knowledge.

Life-saving possibilities of the Service can be drawn from the 1944 accident mortality figure in Canada when over 6,000 civilians

met violent deaths. Many of these lives would have been saved by immediate blood transfusion therapy such as the Red Cross will offer in the future.

The Associated Hospitals of Alberta represent all active treatment hospitals in the Province, ranging in size from ten to 650 beds. The Red Cross will supply both whole blood and plasma for distribution absolutely free to all the above hospitals, and to the hospital patients.

The Service is expected to begin operations in July with a main depot in Edmonton and sub-depots in Calgary. Permanent blood donor clinics will be established in Edmonton and Calgary and three mobile units will operate throughout the Province.

## NO MORE HOUSEMAID'S KNEEI

Three-in-one model of a machine of the type used on H.M.S. Vanguard for the Royal Visit to South Africa will be exhibited in the Electrical Section of the British Industries Fair at Birmingham. Available with a "squeeze" for absorbing dirty water after scrubbing, and fitted with a silencer, this appliance combines the functions of a vacuum cleaner for carpets and a suction polisher and scrubber for floors.

## SEASON FOR DUCK HUNTING MAY BE SHORTENED THIS FALL

Canadian hunters will be able to no duck-hunting this fall despite a National Audubon society proposal in Washington for a one-year moratorium on hunting of migratory fowl in North America.

However, officials of the wild life protection division, mines and resources department, warn that the duck situation is becoming "rapidly worse".

The season "probably" will be shorter than last year and the "bag" reduced.

The department is awaiting reports on the winter's bird survey, upon which to base the quotas and length of season for 1947. Annual regulations are announced in July.

In January, 1946, there were an estimated 80,000,000 ducks in Canada compared with 105,000,000 for the corresponding period of the previous year. During the war when hunters were few, the duck population jumped to 140,000,000. Last year's count of geese in Canada was approximately 1,500,000, a drop of some 300,000 from 1945.

## WHERE'S A WILL, THERE'S A WAY!

Unwary visitors usually rub their eyes in amazement but nevertheless it's true—250 chickens on the farm of Sam Battaglia in suburban Winnipeg are wearing spectacles.

It isn't because of their eyesight either. Their owner found he was losing about one chicken a day because the minute a liberal speck appeared on one the others would peck it to death. But with red glasses, made by a poultry firm, everything looks red to the pugnacious white Leghorns and after pecking at floors and walls of their houses, rocks and other materials, they grew discouraged and gave up the practice.

## HOMER ENLIVENED BY SINGING MOUSE

SOUTH LANCASTER, MASS.—Mrs. Ruel Edmister has a mouse—a singing mouse that sits on a kitchen radiator and trills merrily, that eats peanut butter from a knife and even poses for pictures.

She doesn't know just how to account for it but says the animal started its singing career last fall after she found it in a box of popcorn. The mouse has been around ever since and usually comes out at night to do its singing.

His favorite place is on the radiator.

## TRAVEL COSTS ARE ADVANCED

Motorists planning a vacation trip this year must provide a substantially increased budget for expenditures as compared with previous years, an official of the American Automobile Association said recently.

"All elements of the vacation budget are now substantially higher than in 1941," he reported. "Costs of many accommodations, as shown in the findings of our corps of road reporters, are almost double their previous level. The increase in hotel and motor court rates, following removal of OPA controls, is not as great as anticipated except in major resort areas. But the average motorist will find that comparable accommodations will often cost seventy-five to a hundred per cent more than in previous years."

"Food is a great deal more expensive and the traveller will find his portions smaller."

"Costs of operating his car also will be larger: gasoline, repairs and other miscellane elements have risen in cost roughly 30 per cent. Parking costs in many cities have soared."

"Despite the rising costs, motor vacations continue to be mobile and economical. Present price trends simply mean that the vacation budget must be planned with more than usual care."

## PITY THE PREACHER

A Texas paper comments as follows: "The preacher has a good time. If his hair is gray, he is old. If he is a young man, he hasn't had experience. If he has ten children, he has too many; if he has none, he isn't setting a good example. If his wife sings in the choir, she is presuming; if she doesn't, she isn't interested in her husband's work. If a preacher reads from notes, he is a bore; if he speaks extemporaneously, he isn't deep enough. If he stays at home in his study, he doesn't mix with the people. If he is seen around the streets, he ought to be at home setting up a good sermon. If he calls on some poor family, he is playing to the grand stand; if he calls at the home of the wealthy, he is an aristocrat. Whatever he does, someone could have told him how to do better." —The Recorder

## SUBSTANTIAL REWARDS PAID IN SEARCH FOR "EMPTIES"

Substantial rewards have been paid to Albertans who were successful in apprehending E. B. Bottles, alias "Empties", it was announced today by authorities at Deliveries Limited, agents for the Brewing Industry. It is from where Bottles escaped work.

During the past month, rural and urban residents have cooperated in an intensified search for Bottles, investigating the culprit's favored hide-outs such as basement corners and wall closets. Deliveries Limited paid rewards of 20 cents per dozen to persons apprehending the fugitive and returning Bottles to their custody.

The escape of the fugitive from essential work in the brewing industry was regarded as serious, with Bottles now back on the job, the industry expects to be able to maintain its normal output. However, Deliveries Limited, while reporting success in the current campaign, asks citizens to continue to keep a sharp look-out, and warned that Bottles may attempt another escape and again return to favored hiding places.

## WEDDINGS

### STONE—KOHUT

Baskets of pink and white snapdragons formed the background of an all-white wedding at Crescent Heights United Church, Calgary on May 7, when Louise Marcia, daughter of Mr. and Mrs. Louis Kohut of Calgary, was united in marriage to Mr. Robert L. Stone, son of Mr. and Mrs. R.L. Stone of Rockyford. Rev. H.C. Burkholder officiated.

Entering the church on the arm of her father, the bride was gowned in white satin, styled on fitted lines with a round, fine net yoke edged with pearl studded applique which formed a narrow front panel. Her train-length veil of illusion net was held in place by a sweetheart head-dress and she carried a colonial bouquet of calla lilies centred with roses.

Her attendants were Miss Helena Karch of Denver, Colorado as maid of honor, and Miss Nellie Stewart and Miss Mildred Lundgren as bridesmaids. Frances Kohut, the bride's niece, was train bearer.

Mr. William Burns attended the bridegroom, and the ushers were Mr. Mac Rudd and Mr. Wallace Gibson.

During the signing of the register Miss Jean Gardener of Edmonton sang "Until."

The bride's mother and the bridegroom's mother assisted the bride party in receiving 65 guests at a reception held later in the Palisier Hotel. Mr. William Burns proposed the toast to the bride.

For a going away costume the bride chose a suit of powder blue, trimmed with white fox fur. Her accessories were white, and a corsage of pink roses completed her costume.

Mr. and Mrs. Stone left for their honeymoon in Spokane and Vancouver and on their return will make their home in Edmonton.

## ATOMIC ENERGY PLANT TO SUPPLY ELECTRICITY

Britain's first atomic energy power plant to pump much needed electricity into the country's power network will be built on the almost deserted Irish Sea coast of West Cumberland near the hamlet of Drigg, 250 miles northwest of London, the Daily Express reports.

Several chain reaction uranium "engines" will be set up and will be in production within five years, the Express said. They will cost an estimated £7,000,000 (\$28,000,000) and will produce about 75,000 kilowatts, enough to light a city as large as Liverpool with a population of 855,000.

The ministry of supply, which normally would have charge of such a project, issued the following statement in relation to the Express account:

"Possible use of the former explosives factory at Drigg for a purpose is under technical examination. No decision has been reached."

The Express said the plant would resemble other chain reacting uranium piles in most respects. The principal innovation, it was said, was discovered of a method of extracting surplus heat from the pile in the form of gas rather than by use of the American practice of cooling the pile by pumping enormous amounts of water through it.

This would eliminate the danger of radioactive contamination water flowing into the Irish Sea, it was said, and allegedly would permit radioactive elements to be dissipated harmlessly into the air.

The Express said Drigg was chosen as a site because it is in a sparsely populated area where the danger of casualties from radioactive fumes would be eliminated.

The Atomic Energy Council had recommended that a 20 mile wide belt surrounding the plant be cleared of human habitation, the Express said, and this recommendation could be fulfilled easily at Drigg.

## SEA UNCOVERS RUINS OF ANCIENT CHURCH

At Eccles on England's East Coast the sea has returned its victims to the land.  
Winds and waves have washed away the sand which covered an old church, destroyed by the sea

nearly 350 years ago, bringing to light fragments of pottery and skeletons from the ancient burial ground.

Student: "But officer, I'm a college student."

Cop: "You'll go to jail just the same... ignorance is no excuse."

CANADA'S TEXTILE INDUSTRY is not generally regarded as being anything very exciting. It is true that in normal peace-time years textiles led all other industries in employment and wages paid. But that means we are just a part of regular daily living in Canada. It makes us about as exciting as a kitchen table.

DURING THE WAR, Canada's hundreds of textile plants turned out millions of yards of urgently-needed supplies. Today we are working hard to catch up with the heavy and growing civilian demands of the post-war. We provide thousands of jobs to Canadian citizens at new high wage levels. True, these factors do not seem exciting but it is nice to know that we have a place in Canada's way of living. A kitchen table may not be exciting but it is important to the household.

# NOTICE OF PREPARATION OF ASSESSMENT ROLL TOWN OF DIDSBURY

Notice is hereby given that the assessment roll of the Town of Didsbury, made under the provisions of the Assessment Act, has been prepared and will for thirty days be open to inspection at the office of the Secretary-Treasurer of the Town of Didsbury from ten o'clock in the forenoon until four o'clock in the afternoon on every day not a public holiday except Saturday, and on that day from ten o'clock in the forenoon until two o'clock in the afternoon, and that any person who desires to object to the entry of his name or that of any other person upon the said roll, or to the assessment of any property, or to the assessed value placed upon any property, must within thirty days from the date of this notice lodge his complaint in writing with the Secretary-Treasurer of the Town of Didsbury.

Dated at Didsbury this 17th day of May, 1947.

F. L. EVANS,  
Secretary-Treasurer.

## NOTICE TO CREDITORS AND CLAIMANTS

IN THE MATTER OF THE Estate of ALBERT FRANK COWITZ, late of Didsbury, in the Province of Alberta, Farmer, Deceased.

NOTICE IS HEREBY GIVEN that all persons having claims upon the estate of the above named Albert Frank Cowitz, who died on the 17th February, 1947, are required to file with the undersigned solicitor for the executors of his estate, by the 10th day of July, A.D. 1947, a full statement, duly verified, of their claims and of any securities held by them, and that, after that date, the executors will distribute the assets of the deceased among the parties entitled thereto, having regard only to the claims of which notice has been so filed, or which have been brought to their knowledge.

DATED this 19th day of May, A.D. 1947.

W. A. AUSTIN,  
Didsbury, Alberta,  
Solicitor for the Executors

## DON'T MARKET LIGHT WEIGHT BROILERS

Many poultrymen buy cockerels to raise for broilers, but C.W. Traves, Poultry Commissioner, says that too many broilers arrive on the market too light in weight and lacking in condition. Contracts permit only the exporting of birds that dress out at not less than two pounds.

Hundreds of broilers are being received that are dressing out well under the two pound limit. These birds are cut 3 cents per pound. Be sure that the broiler you market alive weighs not less than 2½ pounds live weight, and preferably 3 pounds live weight, as these will be better finished. The last pound of finish put on any bird is the cheapest pound and pays the highest returns.

Too often more cockerels were purchased than there is accommodation for by the time they are two pounds in weight. If this is the case, the situation can be remedied by building a couple of fattening crates and finishing a few of the heaviest birds each week. Not only will this relieve the congestion in the rearing premises but a better finish will be obtained.

## WAR ON PESTS

Grain losses due to insects, rodents and mould fungi totalled about 5 per cent of the annual world grain production, according to an estimate issued by the Food and Agricultural Organization of the United States. Ways and means to reduce this heavy loss which totals about one-half of such foodstuffs entering world trade will be considered at a meeting to be held in London, England, next August. Under adverse climatic and unsatisfactory storage conditions, the annual loss of grain, pulses and oilseeds has run much higher than 10 per cent in some countries. Even in countries with well developed technical services losses run from 3 to 5 per cent.

The "narrow-minded man" is the one who disapproves of what I do. Seismic: "I could have made a better world than this." Sage: "That's why God put you here—go to it."

## FARMING AS A "BUSINESS"

A study in "Agricultural Progress" by the Winnipeg Free Press shows that the progress has been toward making agriculture a business rather than a way of life as it has been in the past. In Manitoba 136 tractors and 33 combines were purchased in 1931. The mechanization of agriculture gradually increased these purchases to 2765 tractors and 974 combines in 1946. Agriculture in the other western provinces shows a similar increase in purchases of farm machinery.

The manager of a farm machine manufacturers Ottawa branch who was formerly a western Canada branch manager, advises that the mechanization of Ontario farms shows at least as great an increase although the machinery purchased is more varied. A similar trend is shown in Quebec and the Maritime Provinces.

One result of this change is that there is no longer a wide divergence in the thinking of industry and agriculture.

## BRITAIN'S 50-YEAR REFORESTATION PLAN

Britain's forests are to be increased from 3,000,000 acres to 5,000,000. The Forestry Commission has started work on a plan which will ultimately enable Britain to satisfy at least 35% of her timber needs from home production. Before the war imports supplied 96% of these requirements at a cost of \$252,000,000 each year. Scarities during two world wars have made serious inroads on woodlands and in consequence the timber shortage presents quite a serious problem. The government has, therefore, adopted a 50-year plan for extending and improving the country's forests in which the help of private landowners is also being enlisted.

Two men sat side by side in a suburban train. Finally, one turned to the other and became confidential.

"I," he said impressively, "am a starter of elevators in a city skyscraper. When I signal them to go up, they go up. And your line is?" "I," said the other, "am an undertaker. When I signal them to go down, they go down."

## FLIES REDUCE BEEF GAINS AND MILK PRODUCTION

Small flies that worry cattle and cut deeply into milk and beef production can now be controlled. J.L. Eaglesham, Supervisor of Pest Control for the Alberta Department of Agriculture, says that the new insecticide DDT spells comfort for cattle and doom for flies.

Every summer our Alberta cattle suffer severely from blood-sucking flies, and it is reasonable to assume that if they were sprayed there would be quicker beef gains and more milk. This is another case of greatly increased profits from small initial costs. Just a word of warning, an oil solution of DDT will harm your cattle, so be sure to use a water solution.

## PLENTY OF TIME

There is nothing quite like the thrill of being able to boast to a neighbor that your flowers or vegetables are days ahead of his. But there is also much solid satisfaction in having good and beautiful things from the garden long after those next door are done. Perhaps the commonest mistakes of all amateur gardeners are planting too soon and stopping too soon.

With vegetables, especially, most varieties should be sown at least three times about two weeks apart. This will protect against late frosts or flood damage and will keep a tasty supply of the freshest vegetables coming along. In most parts of Canada it is possible to set out plants and sow seed almost up to the first week in July and still have reasonable expectation of good results. There should be a succession of crops of beans, peas, carrots, lettuce, corn and such things.

## PREVENT FARM ACCIDENTS

It is not generally known, but the fact remains that the farm tractor is more deadly than the automobile, and farm machinery is more dangerous than industrial machinery. Falls are the most frequent type of accidents on farms, and most of them are falls from agricultural machinery. Five out of every hundred falls are fatal. Farmers should never take a chance with their farm machinery.

## WHO DOES YOUR PRINTING ?

All business houses need more or less printed matter, all of which is within the possibilities of the local printer. Yet how prone many are to pass up the home printer and let the orders go to city offices which have no interest whatever in rural communities except to get printing orders and the cash to pay for them.

Business men, remember that the home paper is constantly promoting the interests of the home community and you owe it to yourself and your local paper to back up these efforts by at least having your printed matter done locally.

When In Need of Printed Matter Consult

## SQUELCHED

Advertising, as an institution, has often been attacked, but rarely has the attack been so deftly thwarted as in a story told in Dividends.

At a business convention, an anti-advertising speaker spied Charles C. Parlin, then head of the Curtis Publishing Co.'s commercial research, in his audience. The speaker held a copy of the Saturday Evening Post, opened it to an advertising page, and said: "Mr. Parlin, will you stand up and tell the audience how much the advertiser paid for this page?"

"Gladly," said Mr. Parlin. "The advertiser paid one fourth of a cent. We furnished the paper, did the printing, paid the postage, and gave our assurance of believability—all for one fourth of a cent."

But that wasn't what the speaker wanted. How much had the advertiser paid for this page?" "Oh," said Mr. Parlin, "you want to know how much he paid for 3,000,000 pages like that? He paid 3,000,000 times one fourth of a cent." —The Recorder.

Enoch had invited Joe for a ride on the back of his new motor-bike. After they had gone a few miles, Enoch asked Joe how he liked it.

"All right," said Joe, "but the wind is catching my chest."

So Enoch stopped. "Take your overcoat off, Joe, and put it on back to front; that will protect your chest a bit, and I'll button it up at the back."

They restarted, and after a while Enoch asked Joe if he was warmer. No reply. Joe wasn't there. Enoch turned the machine round and went back until he saw a crowd, and there was Joe, lying motionless.

Anxiously Enoch asked one of the crowd, "How is he?" "I can't make it out," said the bystander. "He hasn't spoke since we twisted his head the right way round."

For determining directions in the polar regions, the astro-compass is expected to be of value, with the sun and stars as stable reference points.

## THE 1947 Special Allowance of SUGAR FOR CANNING will be 10 LBS. PER PERSON

As in previous years this special allowance of sugar for canning will be in addition to the regular sugar ration. It will be made available in two amounts of 5 pounds each.

THESE ARE THE COUPONS TO PROVIDE THE EXTRA SUGAR

**VALID MAY 15th**  
Coupons Y1, Y2, Y3,  
Y4, Y5.

**VALID JULY 17th**  
Coupons Y6, Y7, Y8,  
Y9, Y10

Coupons may be used as desired after their respective validity dates, and will remain valid until at least December 31st, 1947.

Each coupon is good for the purchase of 1 pound of sugar.

The world sugar situation has been improving and has made possible the recent increases in the Canadian allowance. World supplies, however, are still inadequate to meet demand, requiring continued rationing.

THE WARTIME PRICES AND TRADE BOARD

## —: DISTRICT NEWS:—

### NOTES FROM THE WEST

Miss Margaret Luft of Calgary spent the week end with her sister, Mrs. Walter Cook.

Mr. and Mrs. John Befus of Calgary were Elktion visitors over the long week end.

Mr. and Mrs. Roy Walton of Edmonton spent the long week end with the latters parents, Mr. and Mrs. E.W. Lowrie of Inverness.

Miss M. Sissons of Vulcan visited her sister, Mrs. H. Hosegood, Friday and Saturday.

The Elktion ball team travelled to Sundre on Sunday, coming home the winners by a 22-12 score. Next Sunday afternoon they will play East Olds on the Elktion diamond at Evans.

Mr. and Mrs. C.S. Hogg spent the long week end visiting various friends in the Elktion district.

Mr. and Mrs. George Mork of Calgary, Mrs. Mork Sr., and Mr. and Mrs. W. Mork and family of Cremona were dinner guests with Mr. and Mrs. Jesse Hay on Sunday.

Mr. and Mrs. Ernest Fisher visited the latters parents, Mr. and Mrs. Frank Byrt, on Sunday.

Mrs. K. Korschuhl was a Carstairs visitor last week.

Mr. and Mrs. Vic Schneidmiller and Mr. and Mrs. Roy Walton spent Saturday afternoon with Mr. and Mrs. M. Campbell Jr.

Mrs. J. Hosegood and Mr. and Mrs. P. Hosegood visited with Mr. and Mrs. R. McFarlane on Sunday.

Mrs. J. Hosegood, Mrs. H. Hosegood, Mrs. O. Krebs and Mrs. A.L. Hogg are attending the W.I. convention in Calgary this week.

### BERGEN NEWS NOTES

Mrs. Norman Halvorsen came home on Sunday. She brought a baby girl to enliven the home.

Edith Lyle, who has been working in Olds for some time, is home once more.

The stork seems to have gotten his wires crossed or something. The home where a son was expected he delivered a daughter, and where a daughter would have been a delight he gave a son.

Rev. Arthur Eby came to Bergen Sunday morning and held the services in the M.B.C. Church. In the afternoon he went to McDougall Flats with Mrs. Eby, Miss Jean Frey and Miss Melva Anderson, two high school students. The students sang a duet, "Tell Me More of Jesus," and Brother and Sister Eby sang, "Let Me Not Think The Price Too High." Rev. Eby preached one of his finest sermons from Heb. 8. Text Ex. 19-5.

The recent rain distributed the local bridges in some unusual and inconvenient places.

Some large tiles have been distributed along the road and seem to indicate new culverts and much needed drainage. Let's hope the Burma road also has its quota.

Rev. A. Habermehl has gone to Ontario to visit his parents and attend the Golden Wedding anniversary celebration.

Paul Baerg and Paul Toews came out Thursday evening but were detained in the timber until the "cat" they were hauling in the truck was unloaded. The "cat" was able to pull the truck from the mire and clay and establish the truck as near the planer as washed out bridges would permit. To finish planing their lumber are the intents and purposes of the two Pauls.

Rev. A. Traub is coming out on Sunday to hold the quarterly meeting for Rev. A. Frey, who is attending a missionary meeting in the States.

Rev. and Mrs. Herb Robinson and Alvin Gamble are expected home soon from Vancouver and Chilliwack, where they have been attending school closing and special meetings.

Ira Gamble was a business visitor in Calgary on Monday.

### BURNSIDE NEWS NOTES

Sunnyslope is getting rural electrification and the crew is now busily engaged in putting in the lines.

A ball game was played recently at Sunnyslope between Torrington and Sunnyslope and the latter team won by an 11-1 score. There was considerable excitement at the game and a number of Burnside district fans were in attendance.

Mr. and Mrs. Robert Eckel were recent visitors at the home of the latter's sister, Mrs. George Campbell of Carstairs district.

Burnside district residents were surprised to hear of the marriage of Michael Stephen Page of Didsbury and Vera Leona Nielson of Three Hills, which was solemnized at St. John's Church, Olds on Thursday, May 15th, with the Rev. F. C. Musson officiating. The groom's brother, Richard Page, and the bride's sister, Miss Nielson, attended the happy couple. The father, Mr. C. Nielson gave the bride in marriage.

The Burnside W.I. will hold a dance in the Lone Pine Hall on June 13.

Miss Clare Wood and Mrs. Ruth Eckel of Didsbury spent the holiday week end at the home of Mrs. D.B. Wood.

With about 80 people present a farewell party was held Monday night of this week in Lone Pine Hall for Mr. and Mrs. Joe Clarke of the Burnside district, who are leaving to make their home in Calgary after 28 years' residence here. As a parting gift from the community Mr. and Mrs. Clarke were presented with an electric lamp and an electric toaster, while the W.I. presented Mrs. Clarke with a bed throw.

### MELVIN NEWS ITEMS

A couple of wee tots decided Grandpa's new car would look much nicer if painted red. Didn't daddy's wagon look beautiful with that fresh coat of color? Anyway daddy had a bit of work cut out for him after convincing them it wasn't such a good idea after all.

Mr. Johnston's heart condition is still very grave and we all join in wishing him a speedy return to health.

In the Rosebud league baseball game played at Carstairs on Wednesday between Melvin and Carstairs the latter team won by an 8-2 score.

The next home game will be played on Sunday, June 1st, when Olds will be the visiting team.

### LOCAL NEWS

The Ladies Auxiliary to the Canadian Legion will hold a tea and food sale at home of Mrs. Roger Barrett from 3 to 6 p.m., on Saturday, May 31. 31c

Mr. Norman Hogg returned from the Belcher hospital last Friday to spend the week end at his home, and is now visiting with Mr. and Mrs. C.S. Hogg.

—K. Roy McLean, optometrist, will make his next visit to Didsbury, at the Rosebud Hotel, on Monday, June 2, morning only. Consult in city office, 1015, Southam Bldg., Calgary, daily except Monday.

Mr. and Mrs. W. McFarquhar and children spent the week end visiting with relatives in Calgary.

The Peter Janzen family spent the long week end at Banff.

Miss Grace Ranton, Mrs. D.W. Iverach and Davie, and Mrs. Grace Blatchford, all of Edmonton, and Mrs. Harvey Birt of High River, spent the holiday week end at the Ranton home.

Mr. and Mrs. Orville Gilmore, accompanied by Mr. and Mrs. Jack Zimmerman of Calgary were out on Saturday and visited relatives at Hartmann, Olds and Didsbury.

Herman Dageforde's new chemical weed spraying outfit arrived last Wednesday and he is now busy dusting weed-infested crops and fields, and from all reports the new machine is doing excellent work.

Mr. and Mrs. Walter Husband and family of Edmonton were guests of Mr. and Mrs. Bruce Pariser over the holiday week end.

A meeting of the Board of Directors of the Didsbury Agricultural Society will be held in C. E. Reiter's office on Friday, May 30, at 2 p.m.

Miss Christina Nicol, R.N., of Drumheller, and Miss Helen Byrt, R.N., of Lloydminster commenced duties at the Rosebud Health clinic on May 15. Miss Nicol will assume the position of senior nurse and Miss Byrt Junior nurse. Miss Robinson, who is to be married in Edmonton on June 25, will leave on June 9.

All golfers who intend to play this season are again reminded that fees are due and must be paid by the end of May.

A wire was received from Dr. L. I. Seaman of Brommersborg, Sweden, announcing the birth on May 12th of a boy, "John Earl."

Born at the Didsbury Municipal Hospital to Mr. and Mrs. J. M. Hooper on May 21st, a son.

Mr. and Mrs. Dunlop of Pincher Creek spent the week end holiday in town with friends.

—Casidy Lumber will have a car of kiln dried finish lumber from the Coast this week. The first car for over a year. Also will have a car of large split cedar posts, as well as round corner posts.

Mr. Donald Reiffenstein left Monday for Lethbridge to take over his Fuller Brush route.

Miss Mary Ringheim was admitted to the Calgary general hospital on Monday and will undergo an appendix operation.

Miss Dora Fawcett of High River was a week end visitor in town.

Miss Margaret Luft of Calgary visited relatives and friends over the week end.

### ONE INCH OF RAIN COVERS A LOT OF GROUND

An acre of ground contains 43,560 square feet. Consequently a rainfall of one inch over an acre of ground means a total of 6,272-640 cubic inches of water or 3,630 cubic feet.

As a cubic foot of pure water weighs about 62.4 pounds, it follows that the weight of a uniform coating of water over one acre of surface would be 226,512 pounds, or 11 1/2 tons.

The weight of an imperial gallon of pure water is ten pounds. Consequently a rainfall of one inch over one acre of ground would mean 22,651 gallons of water.

Ten inches of snow equals a water content, on the average, of about one inch of rain.
